### Registration 2022–2023 Incoming 9th Grade Instructions

Today marks the start of registration for the 2022 – 2023 school year. Please take this process seriously and plan thoughtfully. The decisions you make in regards to registration have a large impact not only on yourself, but also on the school as a whole. The courses that you register for are a commitment for the entire school year. At the beginning of the 4th Quarter, we will open a window for students to request changes to their initial registration. Once the new school year begins, only changes due to incorrect placement will be allowed.

3. **Discuss your choices with your parents.** Make sure they know what courses you are signing up for and that they approve of your choices. You will also need their contact information for the online registration form.
4. **Complete the Moanalua HS 9th Grade Registration Google Form.** The link to this form has been emailed to the [student's school email account](#) and will have to be filled out through that email account. Enter all the information carefully, as any mistakes in your form may affect the courses you are placed into.
